measure. Following the conference which the president held with Republican Leader Mondell today, the Wite House let it be known that build regard the failure of containing the merchant marine bill, commonly known as the subsidy measure, with

known as the subsidy measure, with chiliar disappointment.

The result of the president's determination was a hurried consultation among republican leaders today. Chairman Greene of the merchant marine committee told The Bee correspondent that the bill will be reported tomorrow. The republican steering committee will allow it to come to the floor, but is not likely to vote a special rule for it.

Mondell Sees Opposition.

Representative Mondell is understeed to believe there is much opposition to the measure in certain sections of the west and many of the

tions of the west and many of the western republicans describe it as a controversial measure, which may endanger their chances of re-elec-

The president's position is that the measure is of nation-wide importance and must be considered from this viewpoint. Administration representatives doubt the existence of western opposition to the measure.

It was made known at the White uncement was made that the preslent regarded the action on the ship idy measure as important at this sussion, that the executive believes the tariff should be disposed of before bonus legislation is considered. The stress placed upon the merchant marine bill indicates the same view will be held concerning this to show that the voistead law "we cannot get drunk on land but we can at sea."

Price of Drinks.

There was a roar from members as the Massachusetts representative read from the list to show that
